# Study Programmes

We put bachelor students (and master students who have no master programme at choice\*) in the **diploma** program IWW - Internationale **W**irtschaftsw**W**issenschaften / International Economic and Business Studies - which is on master level – and the range of (international) modules is bigger.

Your university (Università degli Studi di Firenze) has **agreements** for their students to study the following programmes at the **Faculty of Business and Management**:

**NO** = programme not available for exchange students from Università degli Studi di Firenze .

<b>Yes</b>	Diploma Programme: IWW-International Economic & Business Studies
<b>No</b>	Master: Accounting, Auditing & Taxation
<b>No</b>	Master: Applied Economics
<b>No</b>	Master: Banking & Finance
<b>No</b>	Master: Organization Studies
<b>No</b>	Master: Strategic Management (Management, Marketing, Tourism)
<b>No</b>	Master: Commercial Informatics
<b>No</b>	Master: Business Education (in German only)

\* Master students

Business / Economic modules are offered in the fourth year of the diploma study programme **IWW - „International Economic & Business Studies“** and hence are **equivalent to first year master modules.**

Therefore we run master students to those we can not offer a master programme - because there is no agreement available or places are booked out - to apply for the diploma study IWW.

Many master students took this alternative successfully in the past.

# Modules / Courses - System at the Faculty of Business and Management

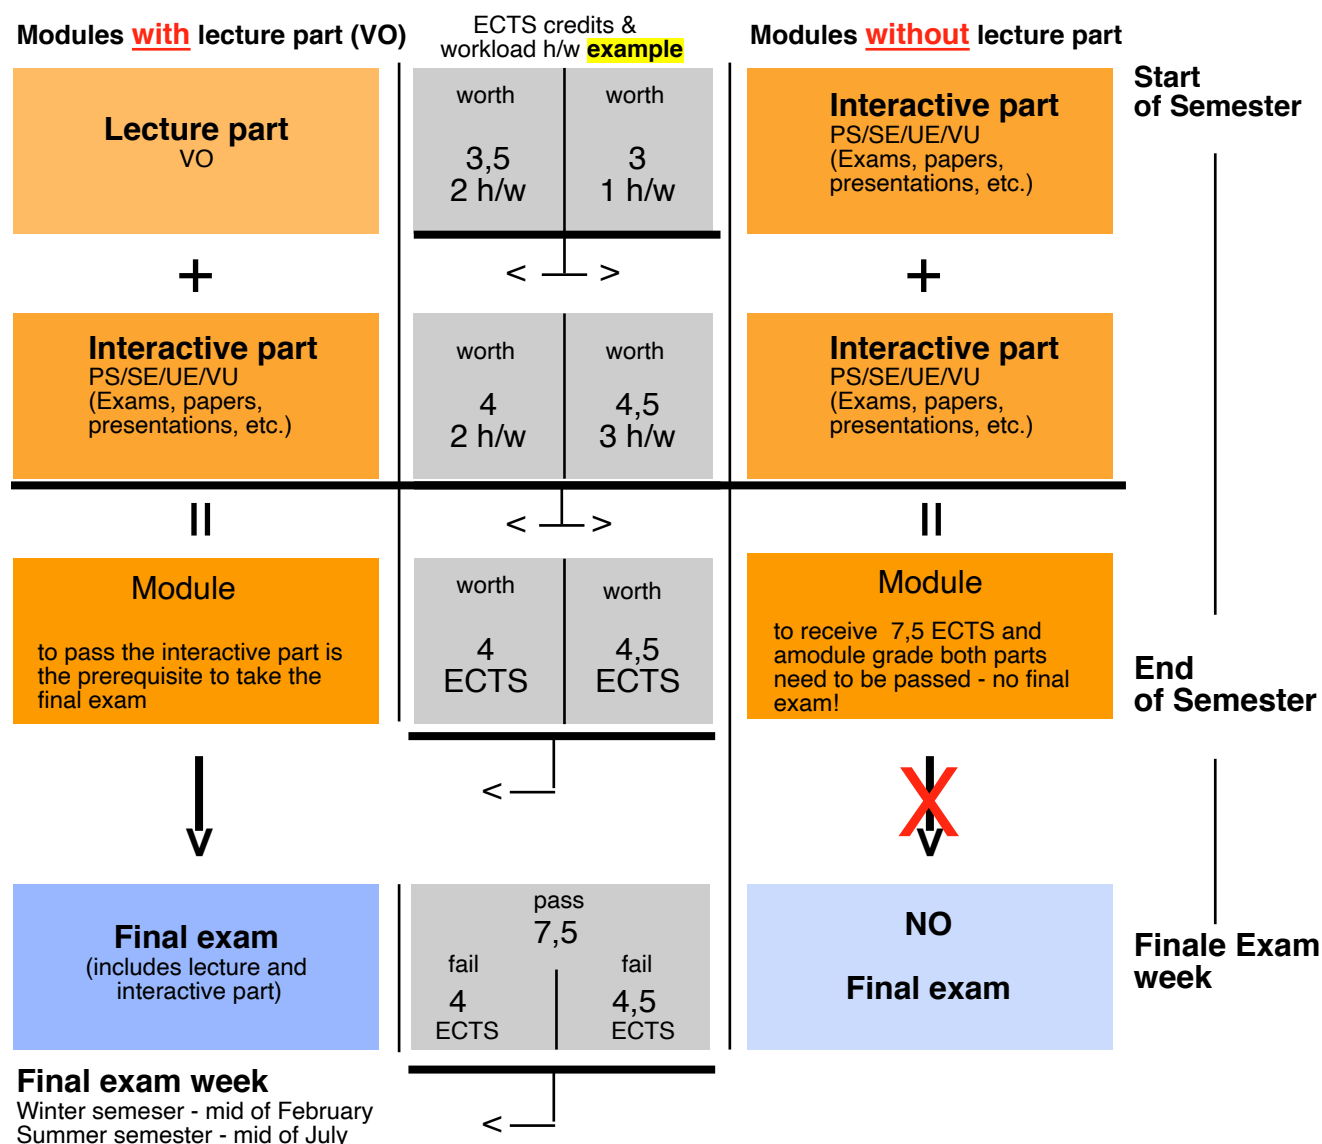

The University of Innsbruck - Faculty of Business and Management offers a modular course system at different levels. The module system below is **new** and was introduced 2019/20. It might be not easy to understand but **the module system will be exactly explained in the introduction - so do not worry!**

Every module consists of 4 hours per week. One academic hour is 45 minutes. Every module includes an input-oriented (VO = lecture) and an interactive part (PS/SE/VU/UE = proseminar/seminar) **OR** 2 interactive parts. All modules will be assessed by written exams and group works and/or oral exams. The student has to sit written exams (Klausur) in the PS/SE/VU/UE classes during the semester. PS/SE/VU/UE interactive parts have to be passed in order to be eligible to sit the final exam (Gesamtprüfung) at the end of the semester. Students passing the final exam (Gesamtprüfung) receive 7.5 ECTS credits for each module. The number of students in a module is usually limited to 30-40 students. Only a limited number of modules is taught in English. Modules **without** any lecture part (VO) **do not have a final exam**.

Modules taught in German require good command of German (B2 at least). We therefore strongly recommend to brush up German language skills!

Modules offered in the Basic Studies of the International Economic and Business Studies Programme ("1. Studienabschnitt" = 1st and 2nd year) are NOT open for exchange students - only with exception!

**Attention:** German language courses at the ISI or courses at other faculties have a different course system

**Master students** - usually do not have lecture parts but two interactive parts. ECTS credits and workload ist higher. Master students do not have a final exam week. The module ends with the two part of courses at the end of the semester. This also applies for **Bachelor student**, in case of no lecture part in the module
