VISA Students / Non-EU student**VISA**

Non-EU students need a VISA and Residence Permit in order to study with Tio. Tio will provide the documents and will perform the procedure for the incoming students.

Tio is offering a **full service package for Non-EU students**. This package has one price and includes housing, visa application procedure, residence permit, health insurance, service fee of housing and the final deposit. Everything to be fully prepared for your period abroad!

Tio needs to comply with the rules and regulations of the Dutch Immigration Department, and therefore offers non-EU students the serviced package. This means we both comply with the necessary rules, can apply for your residence permit and offer you housing. It's all taken care of for you.

Please note: There are no additional fees or tuition fees for education added in the package fee. It only contains your residence permit, housing and insurance. Any leftover deposit will of course be refunded to the student by the end of the semester.

Please note: Students from Canada can also choose for the 'WHP' : Working Holiday Permit. This is a special arrangement between the Netherlands and Canada, allowing students to study here for a cheaper visa price (€ 160,00 instead of € 320,00). Besides that students than will be free to choose their own housing and insurance. The package fee is not obligatory with a WHP. Do note: students need to take care of everything (including the visa) themselves.

Service package fee for Non-EU/EEA students

If you need a visa to study at Tio, we will help and guide you through the process. In order to successfully fulfill all the requirements as set by the Dutch immigration department, Tio has set up an 'Service package'. For a fixed price you will get housing, the VISA, Residence permit insurance and the application is done by us. We do have to ask you to pay for a full package fee upfront. Once registered at Tio you will receive an invoice.

The package prices are as follows:

	One semester (5mnth)	Two semesters (10mnth)
Amsterdam	€ 5,000.00	€ 8,500.00
Utrecht	€ 4,750.00	€ 8,500.00

When staying over during the summer (between two semesters or as an addition to the studies) the 'Summer addition' needs to be booked as well (2months, costs: € 1,700.00).

The package fee includes:

- Housing (actual costs of housing, €400.00 - 575.00 per month)
- Service fee housing (€ 250.00 - 450.00)
- Insurance (€ 250.00)
- Visa application
- Residence permit (€ 192.00)
- Deposit (remaining costs)

Please note: Any leftover deposit / remainder will of course be transferred back to you / the student by the end of the semester.

Why do we need you to pay a package fee?

A student can only apply for a visa through Tio, due to Dutch visa regulation. The amount of money needs to be deposited before Tio can apply for the visa. You therefore will receive an invoice for the total amount once we have received your application and you have been accepted to Tio.
