Registration for Classes

Students can enrol in both Bachelor's and Master's degree courses regardless of their academic level. However, the list of the chosen subjects has to be selected carefully and approved by the student's home university.

**Student
Information
System (SIS)**

This search engine is the best source of information about classes, and it also includes information about the student's status and results. SIS can be accessed under the following link: <http://is.cuni.cz/studium/eng/predmety/>

Note

- ❖ SIS includes information about classes from all the Faculties at Charles University, taught in all languages. Students have to choose "Faculty of Social Sciences" from the drop-down box, and always double-check the language of instruction and the actual semester in the course description.
- ❖ Students have to pay attention to the last letter of the subject code. "B" at the end of the subject code refers to the subject taught at the Bachelor's level. "M" stands for the Master's level, "D" stands for PhD students
- ❖ Students should take at least half of the courses with the Faculty of Social Sciences.

Czech Language Classes

We offer Czech language classes at various levels, from Beginners to Upper Intermediate. Incoming students are welcome to register for these. However, we must point out that, because these classes are not part of the standard curriculum, they are not financed by the Czech Ministry of Education. We therefore have to make a small charge to cover our costs.
