

02. ETSII ACADEMIC INFORMATION

1. Our Academic Offer

The subjects search tool is:

<http://www.upv.es/entidades/OPII/infoweb/pi/info/818871normali.html>

The School of Industrial Engineering offers different courses for the incoming students. Keeping in mind the requirements previously mentioned in 01. *APPLICATION PROCEDURE*, our academic offer is:

Bachelor Courses

- **GITI:** Grado en Ingeniería en Tecnologías Industriales (**Bachelor's Degree in Industrial Technologies Engineering**). Click [here](#) to see the courses.
- **GIQ:** Grado en Ingeniería Química (**Bachelor's Degree in Chemical Engineering**). Click [here](#) to see the courses.
- **GIOI:** Grado en Ingeniería en Organización Industrial (**Bachelor's Degree in Industrial Organization Engineering**). Click [here](#) to see the courses.
- **GIE:** Grado en Ingeniería de la Energía (**Bachelor's Degree in Energy Engineering**). Click [here](#) to see the courses.
- **GIB:** Grado en Ingeniería Biomédica (**Bachelor's Degree in Biomedical Engineering**). Click [here](#) to see the courses.

Master Courses

- **MUII:** Máster en Ingeniería Industrial (**Master's Degree in Industrial Engineering**), which includes nine different branches:
 - Design and Manufacturing
 - Industrial Installations & Construction
 - Industrial Sustainability and Environment
 - Electronic Engineering
 - Process control, Automatization and Robotics
 - Industrial Engineering & Management
 - Materials and Biomaterials
 - Mechanical Engineering
 - Electrical Engineering
 - Energy Generation
 - Use of EnergyClick [here](#) to see the courses.
- **MIQ:** Máster en Ingeniería Química (**Master's Degree in Chemical Engineering**). Click [here](#) to see the courses.

Other Master's Degrees:

There are other Master Programmes directed by departments with limited places for exchange students:

- Máster en Automática e Informática Industrial.
- Máster en Construcciones e Instalaciones Industriales.
- Máster en Dirección y Gestión de Proyectos.
- Máster en Ingeniería Avanzada de Producción, Logística y Cadena de Suministro.
- Máster en Ingeniería Biomédica.
- Máster en Ingeniería Mecánica y Materiales.
- Máster en Seguridad Industrial y Medioambiente.
- Máster en Tecnología Energética para Desarrollo Sostenible.

Note: These courses will not count as courses from other school/faculty regarding the requirement of 12 ECTS from other schools/faculties.

Bachelor Project/ Master Thesis/ Final Project:

It is also possible for students to carry out their Bachelor/ Master Thesis/ Final Project at ETSII. It is recommended to contact the research structures in the UPV **in advance** in order to find a supervisor.

In the following link you can find the contact information about the different structures in the UPV in order to do so: <http://www.upv.es/investigacion/estructuras/institutos-areas-en.html>

The standard work load for a Bachelor Thesis is 12 ECTS and 30 ECTS credits for Master Thesis.

Note: We only accept incoming students for an academic exchange. Neither Training nor Placement Agreement will be accepted at ETSII.

2. Courses taught in English

Here you can find a list of the courses taught in English at the different UPV schools/faculties. http://www.opii.upv.es/enlaces_internos/docencia_ingles.asp

And using the search tool: https://aplicat.upv.es/buscasiupv-app?p_idioma=i

In the Erasmus call in AIRE you can also check with more detail the courses taught in English at ETSII.

3. Academic Calendar

BACHELOR COURSES AND COURSES FROM THE MASTER'S SECOND YEAR				
WINTER SEMESTER (A)			SUMMER SEMESTER (B)	
	Classes and midterm exams	Final Exams	Classes and midterm exams	Final Exams
From	04/09/2018	14/01/2019	28/01/2019	06/06/2019
To	11/01/2019	25/01/2019	05/06/2019*	14/06/2019

**for 4th year of bachelor's check the academic calendar in the web.*

COURSES FROM THE MASTER'S FIRST YEAR**				
WINTER SEMESTER (A)			SUMMER SEMESTER (B)	
	Classes and midterm exams	Final Exams	Classes and midterm exams	Final Exams
From	25/09/2018	01/02/2019	19/02/2019	27/06/2019
To	31/01/2019	14/02/2019	26/06/2019	06/07/2019

**Estimated dates from 1st year of master, the new ones will be updated in April*

4. UPV Spanish Language Course

UPV also offers exchange students the possibility to enroll in a semester-long free Spanish course both in the Winter (A) and in the Spring (B) semester. These courses typically have 3 hours of class per week and they are offered from level A2 to B2 (not absolute beginners). The enrolment period will be launched when you are in Valencia.

Places are limited and the courses are usually really demanded. This Spanish course does not exempt the student from delivering the required Spanish certificate.

5. To take into account

- It is **COMPULSORY** to be enrolled at ETSII before the semester starts and to attend one of the **INFORMATION MEETINGS** arranged for incoming exchange students.
- Class availability cannot be confirmed until enrolment process starts, once students have arrived to UPV.
- Many of the courses involve practical laboratory sessions that are of compulsory assistance. At ETSII it is **COMPULSORY** to attend lectures and laboratories, which will allow you to take the exams.
- It is compulsory to attend all the exams which you are registered in.
- It is a rule of ETSII not to make any exception with the exam dates or procedures of

evaluation. This means, for instance, that no exams will be sent by fax or taken in a different date than the official one.

- It is not permitted to drop a course in which the student is enrolled as he/she is taking a place that could have been occupied by another student. Please take time to decide what courses you want to take during the application process.
- *Accommodation:* The students should look for it by themselves. They will have their mentor student help to find it. Also, on the UPV website, you can find some offers of flats to share and student housing: <http://www.upv.es/perfiles/estudiante/alojamientos-upv-es.html>
