Studies

Course offer and restrictions for exchange students	The University of Helsinki has the widest range of disciplines in Finland with 11 faculties and around 37 Bachelor's degree programmes and 56 Master's degree programmes. Information on courses suitable for exchange students. Course lists for the academic year 2021 – 2022 will be published in late March/April 2021. University level bilateral exchange students are required to choose the majority of their courses from one faculty, closest to their educational background. Exchange students need to have sufficient prior academic background in the disciplines taught at the receiving Faculty. Within one faculty, they can choose courses from several study programmes. One of the study programmes will be chosen as the host study programme for the student. Students are welcome to choose some courses from other faculties, as well, if they meet the requirements for the courses. Please note that some faculties/study programmes offer courses in English mainly on Master's level (suitable for advanced Bachelor students as well): Agriculture and Forestry, Pharmacy, Biological and Environmental Sciences, Geography, Translational Medicine. Fields not offered at the University of Helsinki: business, engineering, fine arts. Students interested in a laboratory or research group traineeship can check the traineeship page. Please note that the thesis work option mentioned on the page is not open for university-level bilateral exchange students, unless agreed otherwise in the bilateral agreement. Restrictions: Courses from the following degree programmes are open only to exchange students placed in that programme and who are majoring in the same academic field at their home university:			
	Degree programme	Faculty	Course codes	Please note
	Study track of English at the Bachelor's Programme in Languages	Arts	KIK-EN	
	Master's Programme in English Studies	Arts	ENG-	
	Other foreign languages at the Bachelor's and Master's Programme in Languages	Arts		Considered case by case depending on the student's educational background
	Politics, Media and Communication and Global Political Communication	Social Sciences	PVK, PVM, GPC	
	Economics	Soc. Sci.	ECOM	
	Law, International Business Law, Global Governance Law	Law	OIK, IBL, GGL, OTM	
	Psychology	Medicine	PSYK, PSYM	Social Psychology is taught at the Faculty of Social Sciences (Study programme for Social Research).
	The following degree programmes accept only one or two exchange students in total each semester:			
	Medicine	Medicine		A set international schedule for each semester
	Dentistry	Medicine		No courses in English
	Translational Medicine	Medicine	TMED	
	Veterinary Medicine	Veterinary Medicine		A clinical practice period from February to May on advanced level
	Urban Studies and Planning	Science	USP	
Finnish courses and other language courses for exchange students	Information on language courses for exchange students Please note that courses teaching English language are not open for exchange students. There are Finnish courses available for those exchange students wanting to learn Finnish. The course includes 4 hours of teaching each week. For more, please see our page on Finnish courses. Students are not required to participate in Finnish courses, but may do so if they wish.			

Terminology related to the courses	The Courses in English website includes courses of various levels. Some courses require previous studies in the discipline in question. The following terminology will help the students to find out if the courses are suitable for them: - Basic studies (or “perusopinnot” in Finnish): Bachelor’s level courses, do not usually require previous studies from the student - Subject studies or Intermediate studies (or “aineopinnot” in Finnish): Bachelor’s level courses, intermediate level, require some previous studies from the student, mainly for 2nd or 3rd year students of the subject - Advanced studies (or “syventävät opinnot” in Finnish): Master’s level courses, for students who have completed a Bachelor’s degree or have equivalent level
Workload	Students should aim to complete 30 ECTS credits per semester. One ECTS credit equals 27 hours of work, including both lectures and homework. A full year of 60 ECTS credits corresponds to a workload of 1600 hours. Course descriptions may use terms “cr” or “ECTS cr” or “op”. They all mean the same thing, ECTS credits.

Application information for incoming students

Information on acceptance	Decisions regarding acceptance are made by faculties of the University of Helsinki. Acceptance information is available about 6 weeks after the application deadline. Accepted students receive an automatic acceptance e-mail from their host Faculty with a formal acceptance letter as an e-mail attachment. Finnish immigration authorities can check the validity of the, formal acceptance letter directly from the University of Helsinki, if necessary.	

Support services and housing for exchange students

Housing	For the students wanting to live in a student dormitory, University of Helsinki has agreed with housing providers, including Unihome and HOAS (Foundation for Student Housing in the Helsinki Region), on a number of rooms for incoming exchange students. Apartments are located around Helsinki. Students should choose their housing option based on their budget and their wishes. Exchange students submit their housing application as a part of their exchange application. Their information will be forwarded to housing providers. Each exchange student will receive one housing offer. Exchange students coming under university-level bilateral agreements are guaranteed housing but not necessarily the room type they have wished for.
---------	---

	Mandatory fees prior to arrival: room deposit: €500 (subject to change) to be paid to the housing provider according to their instructions. Students should be prepared to pay the deposit when they receive instructions from the housing provider. This can be several months prior to arrival. Information about various other housing options is available at our housing page.
International Exchange Services	With any questions during their stay at the University of Helsinki, exchange students are welcome to contact the International Exchange Services, represented on each campus together with the local Student Services. Please check the address and office hours as well as online appointment times of each campus's Student Services at our Contact page. With any questions before or during their stay, students can e-mail studentexchange@helsinki.fi or call +358 2941 22401.
Tutoring	During orientation, incoming exchange students receive help from student tutors, who introduce Finnish university life to the new exchange students and help them with practical issues such as mobile phones, getting a monthly ticket for public transportation etc.
Hobbies and social activities	University of Helsinki has hundreds of student organisations, and exchange students are welcome to join. Please see our Student organisations page. Students' ESN network organises many activities for exchange students.

Information for accepted students	
Residence permit	- Students who are non-EU nationals need to apply for a Residence permit according to the instructions provided by the Finnish Immigration Service (Migri). Information regarding applying for a Residence permit is also available at the closest Consulate of Finland. - University of Helsinki recommends that students submit their application electronically, because it makes the application process faster. Students are advised to apply immediately after receiving their acceptance e-mail from the University of Helsinki. - Even if the student has submitted the Residence permit application electronically, he/she needs to visit the Finnish consulate in person to verify his/her identity and to present the original copies of any supplements needed for the application. Because of the above, students should apply for a Residence permit immediately after receiving acceptance information from the Univ. of Helsinki. - Please note that cost for the online residence permit is 350 euros (subject to change)
Health insurance and health services	Students who are non-EU nationals need to seek comprehensive health insurance prior to applying for a Residence permit. University of Helsinki does not provide health care services for exchange students. For more, please see Migri's Insurance page. Note: Due to national changes regarding access to health care From January 2021 onwards, student health services are no longer available for exchange students even if they join the Student Union.

Student Union membership	Student Union membership fee for exchange students is ca 21 euros per semester (subject to change). Joining the Student Union is voluntary.
Cost of living	Cost of living page
Course enrolment	Students need to have their University of Helsinki computer user ID to register for courses. Students receive the computer user ID when they arrive in Finland. Course registration happens after arrival. After course information for the following academic year is published, there may be some changes, so the Learning agreement is only a preliminary plan. Students are advised to check the list of courses offered during their exchange year again before they arrive.
Grading system	The University of Helsinki uses a six-level grading scale from 0 to 5. 5 = excellent or A 4 = very good or B 3 = good or C 2 = satisfactory or D 1 = passable or E 0 = fail or F or FX Please note that reference to the A-F grading scale is only indicative. In addition to applying this grading scale, a pass/fail grade may be used when grading certain courses, e.g. ones containing practical training or practical skills. Please note it is not possible to receive a numeric grade for these pass/fail courses. The University of Helsinki grading scale is not a proportionate scale and does not therefore fully correspond to the ECTS grading scale: the ECTS system is based on an expectancy of the distribution of different grades, the Finnish system is not. This means that in the Finnish system each student is graded on his/her individual performance, not in relation to the performance of others.
Transcripts of records	Students can get one official hard copy of their transcript per semester free of charge from the Student Services, see our Transcript page . Students are responsible for ordering their official transcript. It is not automatically sent to the partner university. If your university accepts an electronically signed official transcript as a pdf, students can order one from the student register. More information is available at our Digital signatures page .

Safety and security	The health and safety of students and staff is the top priority for the University of Helsinki. We encourage

	students to read our emergency situation page. University of Helsinki's safety and security guide is available online . As the COVID-19 situation is constantly changing, please check the updated information on our COVID-19 page. The campuses will be open if government restrictions permit. The planning of teaching is currently based on the assumption that the University continues a combination of in-person and online teaching during the AY 2021-2022. Whenever possible, independent studying is offered as an option to people in at-risk groups. Please note that during the AY 2020-2021 exchange students have been required to be in Helsinki even if they attend only online courses and it has not been possible to take online courses from one's home country. The University of Helsinki will make a decision on the possibility of fully online exchange option in the AY 2021-2022 during Spring 2021.
