OTHER INFORMATION

Educational Philosophy	Our motto, "Vince in Bono Malum" ("Conquer Evil by Doing Good,") expresses our basic philosophy in a positive plan of action: to overcome the evil of ignorance by opening to young people the pathways of knowledge; to overcome the evil of a lack of professionalism by a professional approach that takes full advantage of the best that modern technology has to offer.

Red de Universidades Anáhuac (RUA) (Anáhuac Universities Network)	<p>It is a group of Catholic Universities led by the Legionaries of Christ Congregation that shares an educational model offering a comprehensive education program in a personalized manner. Our objective is to educate men and women of any creed or culture to be positive action leaders, developing not only an international view of their professional studies but also in matters that are essential for the advancement of society. http://www.anahuac.mx/redanahuac/</p>
Red Internacional de Universidades (RIU) International Network Universities	<p>The Universidad Anáhuac belongs to an International Network of Universities with campus in Mexico, Chile, Spain, the United States and Italy.</p>
Institutional Description	<p>With the primary aim of raising the human and social condition of men and women in Mexico and around the world, in 1964, the Universidad Anáhuac is founded in its temporary location of Lomas Virreyes, in the Mexico City. In 1968 it opens its first permanent campus at Interlomas, Huixquilucan municipality, State of Mexico.</p> <p>From the consolidation of this first University, the commitment to completely form an increasingly large number of students was continuously pursued with great dynamism, driving the emergence and integration of the rest of the institutions that now make up the Anáhuac Universities Network.</p> <p>The Universidad Anáhuac Querétaro begins its administrative duties in 2005 with 6 degrees. A year later classes began with an enrollment of 159 students. On August 9, 2010 it is moved to the first building of its new campus of 20 hectares.</p> <p>Since then the University has had a constant growth, which is reflected in the current enrollment.</p>
