About Turkey

The Republic of Turkey is located mostly on Anatolia in Western Asia and partly in Southeastern Europe.

In 1923 Republic of Turkey was established under the leadership of Mustafa Kemal Atatürk. Turkey is bordered by eight countries: Bulgaria to the northwest; Greece to the west; Georgia to the northeast; Armenia, Iran and the Azerbaijan to the east; and Iraq and Syria to the southeast. Turkey, a country with a young population, is the only secular Muslim country among all the Muslim countries in the world. Turkey's capital is Ankara and the biggest city is Istanbul.

Studying in Istanbul

Istanbul has a wonderful location spanning the

European and Asian continents across the Bosphorus straits. Throughout history, this unique location made Istanbul politically, commercially and culturally a very important city. Once the capital of the Byzantine and Ottoman empires, Istanbul has grand historic monuments, a commercial culture that is still very much alive and a cosmopolitan culture that welcomes all. Istanbul is also an education hub. 58 universities are currently operating in Istanbul hosting around 600 thousand students. Living and studying in Istanbul is a great experience with so many places to see and so many things to do.

PUBLIC TRANSPORTATION in ISTANBUL

Public transportation in Istanbul varies greatly. Municipality buses, public buses, inner city and general ships, car ferries, the tunnel, metro and suburban train systems all vary in price and have either tokens or ticket fares to pay. It is essential that you obtain an Istanbulkart, a contactless smart card for fare payment on public transport.

The Istanbulkart is valid for boarding buses, funiculars, LRT, subway, commuter trains, ferryboats and trams operated by the Metropolitan Municipality and private companies. Cash payment on these transport systems is not possible.

The ordinary cards may be acquired from offices at major transport interchanges for a nonrefundable deposit of 6 TL.

Afterwards, the cards can be loaded with credits up to 300 YTL at these offices, special purpose machines or at news-stands and small shops which offer this service.

Cards for a limited number of passes (1, 2, 3, 5 or 10) are also available.

As an Erasmus+ incoming student during the Orientation Programme you will apply and obtain a discounted Istanbul Card for Erasmus+ students.

Unfortunately, under the current regulations, Erasmus+ trainees cannot benefit from the discounted Istanbul Card.

Airports & Airport Transport

Istanbul has two airports, the major Atatürk International Airport (IST) near Yeşilyurt 23 km West of the city center (RECOMMENDED for your flight to Istanbul), reachable by Metro and Sabiha Gökçen Airport (SAW in Pendik/Kurtköy) 30 km East of the Asian shore of the Bosphorus.

The two airports are 55 km distant, or about 70 km by highway.

Taxis (with fares starting from 3,5 YTL/km), airport buses, and public transport serve both airports, but a private transfer is a more pleasant and still economical way to go for many travelers, especially families.

For further information on flights and shuttle buses please check:

Atatürk International Airport
www.ataturkairport.com

Sabiha Gökçen Airport
www.sabihagokcen.aero/homepage

Train Transportation

Turkish State Railways (TCDD) operates the national railway network, although fares are very cheap, trains are rather slow and lack air conditioning.

In Istanbul there are two railway stations, Sirkeci station, is also known as the last stop of Orient Express. Trains bound for Thessaloniki, Athens, Sofia, Belgrade, Bucharest and Budapest (with transfers to Munich and Vienna) leave from Sirkeci. Trains for Turkish destinations, Iran and Syria leave from Haydarpasa Station on the Asian side.

Post Offices

Postane is the post office in Turkish. To buy stamps, send your mail, fax or parcel, or to send and receive or change your money, don't forget this word. Turkish post and telephone offices are easily recognizable by their PTT and Türk Telekom signs. Major post offices in tourist areas are open 8.00 to 24.00, Monday to Saturday and 9.00 to 19.00 on Sundays. Small post offices have the same hours as government offices.

First-night accommodation

When it comes to accommodation in Istanbul the options are unlimited. This booming city has a plethora of accommodation in every price bracket, though at peak times you need to book in advance to get the place of your choice. For prices and availability check with hotel reservation websites or book a place in our IAU Girls Dorm. For reservations and details please contact our team: erasmus@aydin.edu.tr

Being an Erasmus+ Incoming Student at IAU

erasmus@aydin.edu.tr

HOW TO APPLY AND DEADLINES

Moving abroad for Erasmus is meant to be a challenge, but a creative challenge. Challenge yourself to visit a million touristic destinations, meet tons of people and successfully find your way home in your new city. Also challenge yourself to have a straight AA Transcript to be proud of, to immerse in a new culture and learn a new language and to create lifetime friendships with the locals.

However there are some things that you'd better to take care of before, during and after you start your Erasmus+ Mobility in Turkey at Istanbul Aydin University:

BEFORE DEPARTURE

STEP 1: Get information on available courses at IAU for Erasmus+ Incoming students

Take a look at our courses and choose the program that is right for you, in English or Turkish via our ECTS package: <http://ebs.aydin.edu.tr/>

Once you have found the right courses for you, contact your Local Erasmus+ Coordinator at your Home University and find out the nomination/application procedure and the required documents for your future mobility at IAU.

STEP 2: Nomination

To apply to IAU for Erasmus+ Exchange Program your university needs to have a current Inter-Institutional Agreement with Istanbul Aydin University and you need to be nominated to study at IAU.

You can find on our Erasmus+ website the list with our partner universities: <http://erasmus.aydin.edu.tr>

If there isn't an inter-institutional agreement between our universities but you are interested in studying with us write to the Erasmus+ Coordinator of our University and suggest the implementation of a inter institutional agreement. If they are willing to cooperate we will establish an inter-institutional agreement and after the existence of this agreement you can proceed to apply for your study mobility at IAU.

IAU receives incoming exchange student nominations via email at : erasmus@aydin.edu.tr

Nomination and Term Dates

Fall term: 15th August

Spring Term: 15th December

Term Dates

Fall term: September

Spring Term: February

STEP 3: Prepare your application documents

Upon your nomination, you will receive from IAU Erasmus+ Team an informative email requesting you to prepare, complete electronically, sign and stamp and send back as scan the following documents: Application Form, Learning Agreement, one passport sized picture, Transcript of Records, Copy of Passport and a Copy of your Health Insurance valid in Turkey.

The forms are also available on our Erasmus+ webpage, section 'Incoming Students': <http://erasmus.aydin.edu.tr/>

STEP 4: Obtain your Acceptance Letter

Once you have sent your application documents and if they are correct, in an interval of max. 4 weeks you will receive via email your Acceptance Letter. Any additions/modifications to be made to your application documents will be communicated to you in due time by our team.

STEP 5: Get your Passport

While in the European Union space you are able to travel around with your national ID, an Erasmus+ study mobility in Turkey will require you to obtain your passport for the competent local authorities before coming to Turkey.

Make a research about the passport issuing process while waiting for your approved Learning Agreement and Acceptance letter from IAU.

Important!: Pay attention to the validity of your passport. If your passport will expire within the next 6 months consider applying in due time for a new passport and then apply for an entry visa to Turkey (if required). If you are an international student holding a residence in another country (therefore having a Residence permit) about to expire or due to expire during your Erasmus+ study mobility, apply for its extension before travelling to Turkey.

REMEMBER!: you can always obtain information on the extension of your Residence Permit/ passport procedure from the competent local authorities in your country.

STEP 6: Insurance

Health Insurance is mandatory for your future residence permit here in Turkey. There are three options:

a) Health Insurance Policy issued in your home country should be in accordance with the below minimum policy content defined in Turkish Circular dated 9/2014 dated on 6/6/2014. The insurance certificate issued by a foreign company should be translated into Turkish by a notary. However, in the case of host Turkish higher education institutions; if the Erasmus+ Institutional Coordinator certifies that the insurance certificate issued by a foreign company is in line with the minimum requirement stated above, the notary translation is not necessary.

| Minimum Policy Content | | |
|--------------------------------|----------------------|------------------------------|
| Contracted Institutions | | |
| | Annual Minimum Limit | Contributions |
| Outpatient Diagnosis Treatment | 2.000. -TL | Insured: %40 Company: %60 |
| Inpatient Diagnosis Treatment | Unlimited | Insured: %0 Company: %100 |
| *Non- Contracted Institutions | | |
| | Annual Minimum Limit | Contributions |
| Outpatient Diagnosis Treatment | 2.000. -TL | Insured: %40 Company: %60 |
| Inpatient Diagnosis Treatment | 20.000.-TL | Insured: %20 Company: %80 |

b) You can get a Health Insurance Policy with minimum policy content from a private insurance company in Turkey which costs approximately 15 or 20 € per month after your arrival. For further details you can check our Erasmus+ webpage: <http://erasmus.aydin.edu.tr>

c) You can benefit from Turkish Social Security System with approximately 15 or 20 € per month after your arrival. (More complicated)

Note 1: Option B is the most common way chosen by Erasmus Students.

Note 2: Notary Translation in option A is the only way for students coming for placement to a public or private company other than university. Trainees may also select option B or C for Insurance Matter.

If you are coming from Germany, Netherlands, Belgium, Austria, Romania, Czech Republic, and Croatia you can obtain the Health Insurance Policy in your home

country. All you have to do is to inquire your National Medical Insurance Company for the equivalent Letter of the Turkish National Medical Insurance (SGK), which needs to be valid for the entire period of your study mobility at IAU.

For example:

GERMANY: T/A 11 form
NETHERLANDS: N/TUR 111 form
BELGIUM: B.T.8 form
AUSTRIA: A/TR 3 form
CZECH REPUBLIC: CZ/TR 111 form

Once in Istanbul, during the Orientation Programme, ESN IAU mentor students will assist you in obtaining the SGK equivalent paper for your health insurance at the Istanbul Social Security Directorate and Social Security Center in Unkapanı, at the Office named "Service of Foreign Operations".

You can reach the Istanbul Social Security Directorate and Social Security Center in Unkapanı by taking a bus towards this direction and get off at Vefa Bus Stop. Near Vefa Bus stop (Balat side), you will see the SGK Building.

STEP 7: Obtain your Visa

Ask for information on visa regimes and application documents for Erasmus+ incoming students at the nearest to you Turkish Embassy/Consulate in your country. While for some countries the entrance without visa is also available, for others the visa fee will still be taken before Residence Permit application. You can also check the visa requirements on the following website <https://www.evisa.gov.tr/en/apply/>

Important!: Each country has different application procedures and require different documents, therefore obtaining information about the visa application procedure and necessary documents from the Turkish Consulate/Embassy is crucial.

Please be advised that visa procedures may take very long; students are ought to start their application procedure at least six to twelve weeks prior to the starting date of their Erasmus+ study/traineeship mobility period.

STEP 8: Information on Residence Permit

You can obtain information about the compulsory

Residence Permit for Erasmus+ incoming students from our Erasmus+ webpage and the webpage of the Directorate General of Migration Management: <https://e-ikamet.goc.gov.tr/>

Important!: According to Turkish regulations, for all Erasmus+ study/traineeship mobilities longer than 90 days, application for Student Residence Permit is compulsory.

The IAU Erasmus+ Office will assist you during the Orientation Programme with your Residence permit application and will arrange for you the meeting with the Directorate General of Migration Management officers right here on Florya Campus.

STEP 9: Open a Bank Account and sign your Student Grant Agreement

Contact your Erasmus+ Representatives at your home university to sign your Student Grant Agreement. For your Erasmus+ future study mobility you are advised to open a Euro bank account solely for this purpose.

Important!: Make sure that you have access to your bank account by using internet banking! Money is important and especially when you are abroad, so for sure you don't want to stay without it!

STEP 10: Online Linguistic Support

For more information about the online exam and language course please visit the official web page of Online Linguistic Support.

Important!: Erasmus+ mobility participants must take this assessment twice – before beginning and at the end of their mobility period – in order to monitor their progress in the language of mobility.

Remember!: Make sure that you provide your Erasmus+ Office with a valid e-mail address as the link for the Online Linguistic Support exam will be delivered to you by e-mail.

STEP 11: Arrange Accommodation

Istanbul Aydın University has special agreements with some private dormitories in order to provide accommodation services to the students. Information on accommodation will be provided to you once you obtain your Acceptance Letter. You can also check our Erasmus+ website for more information.

There is, however, the option of renting a flat with students who study in Istanbul or with other International students. You can also easily find convenient accommodation facilities using web sites or real estate agents or by getting in touch with our IAU-ESN section via their Facebook official page.

Please check the public transportation map at the end of this guide to get an idea about its location.

Some of our recommended areas include Bahçelievler, Bakırköy, Ataköy, Sefaköy, Florya, Avcılar, Mecidiyeköy.

REGISTERING YOUR MOBILE PHONE FOR USE IN TURKEY

If your trip to Turkey lasts only a week or two, you do not need to register your mobile phone, but if you plan to stay several months, you will need to register your phone and pay around 200 TL as tax registration, or purchase a mobile phone from a shop in Turkey.

Your foreign, unregistered GSM mobile phone may operate in Turkey on a Turkish mobile phone company's network, either via international roaming or with a Turkish SIM card for a period of several weeks before being excluded from the network as an "unregistered" phone.

You have 120 days to register your phone after your arrival day.

When it is excluded, it can be difficult and/or time-consuming to have it reactivated on a Turkish network.

Here is how to register your mobile phone:

1. Turn on your mobile phone and press *#06# on the keypad to reveal your handset's 15-digit IMEI (International Mobile Equipment Identity) number. Copy the number onto a piece of paper.

2. Take your phone, passport, residence permit/tax number and IMEI to a Turkish government tax office (Vergi Dairesi, Vezne/Payment Desk) and request a Certificate of Registration. You will have to pay 131,50 TL for the certificate. Please pay attention to the information mentioned on the receipt. If there is a mistake regarding your IMEI number, your name,

surname and/or passport number you cannot register your phone with this receipt. You will pay the tax again with the correct information.

3. After you received your correct receipt, you can go to a mobile operator company store in Taksim (Türk Telekom/Avea, Vodafone or Turkcell) in order to register your phone.

4. Mobile companies are charging for the registration around 50 TL. So, you will pay in total 180–200 TL for mobile registration.

An easier and less expensive alternative would be to keep your mobile phone working with your national SIM card and purchase for 50–80 TL a simple dial and text mobile phone, already registered in Turkey, from any IT shop and use it with a Turkish SIM Card.

The Erasmus+ office will appoint mentor students to assist you during the Orientation Programme whether you would like to register your phone or buy a simple dial and text mobile phone.

During the Fall Semester Orientation Programme: a Free Intensive Certificate Based Turkish Language Course with 4 ECTS (all students are automatically enrolled for it prior to their arrival)

Students wishing to enroll for this course should add it to their Learning Agreement in order for us to ensure full recognition of it and mention it in their final Transcript of Records.

Please contact IAU Erasmus+ Office at erasmus@aydin.edu.tr for further information on the courses and on how you can enroll for them or if you have any additional questions.

Student Testimonials

Tereza Brokešová – BA in Political Science and International Relations (Metropolitan University in Prague, Czech Republic)

'Erasmus is the best way to meet people from all over the world and learn about different cultures and my Erasmus study mobility at Istanbul Aydin University made this happen. Besides the support of the Erasmus Office, my Erasmus experience gave me more confidence, proactivity and the opportunity to learn in a multicultural environment. I recommend this beautiful country and especially Istanbul as the perfect destination for your Erasmus experience. Just come, live on your own and enjoy it!

Edit Jacobs – BA in Communication (Budapest College of Communication, Business and Arts, Hungary)

'I applied for my Erasmus study mobility in Istanbul because I heard so many good things about this city. Despite of the huge differences between the Hungarian and the Turkish culture, I had a great time in Turkey and with the help of the cultural and linguistic courses offered by Istanbul Aydin University I've come to better understand the Turkish culture and language.

At IAU, there are no closed doors. In fact there are no doors when it comes to the Erasmus incoming students. The professors are friendly and willing to give you advice when in need for one. Also, our coordinator, Mariana, was so much helpful and kind.

There are so many famous places I've seen and so many parties to attend. So, go ahead and apply for your own Erasmus mobility in our delightful Istanbul.'

Chaday Chaabo – BA in Business Management (Saarland University of Applied Sciences, Germany)

Dear Erasmus Office,
When I came I didn't expect that I will extend my erasmus. But I stayed one semester more. I'll never regret this decision because it was the best year of my life. Full of new experiences, new great people and beautiful memories.

Istanbul will always stay in my heart and be my second home. I will never forget my moments in that beautiful city. I will never forget all the people who I've met here. If I could repeat everything, I would do it but without changing anything. It was perfect!

My time in Istanbul changed me a lot. When I came I was just a small girl in a big city, now I can say: I grew up here. I would like to say thank you for his time and for your support!

Rusne Jankunaite – BA in Business Management (Vilnius University, Kaunas Faculty of Humanities, Lithuania)

'Dear Erasmus Team,
I am really happy that I chose Istanbul and Istanbul Aydin University. It was pne of the greatest decision of my life. Erasmus is the best and the most practical experience. I saw Turkey from the other perspective, changed my opinion about it in a good way. I am in love with Istanbul, it's culture and mosques. Living in this city was a great challenge with a lot of fun

Thank you all for your help and for taking care of us. Thank you for showing me Istanbul and so many other beautiful places. I wish you all good luck!

**Samer Salameh, BA in Business Management,
Transilvania University of Brasov, Romania**

'Dear Erasmus Organization,
First of all I would like to thank you for accepting me to participate in such programme which helped amazingly by earning experience about the student life and for exchanging cultural information with my new erasmus friends. I have created friendships, love and support relationships with people all around the World. I have experienced the other ways of life that people live here in Turkey.

I have increased my knowledge, my education and my experience in this amazing erasmus programme. I support all students to apply and participate in such programme. The people were amazing and helpful and I could not find difficulties.

Thank you Mariana for the amazing, most professional work and carrying for us. Looking forward to meet in the future.'

**Evgeniia Kuznetsova, MA in Political Science and
International Relations, Ural Federal University, Russia**

'To my lovely Erasmus+ Office,
You made my dream come true! How long I was wishing to come here and meet all of you, working hard for my study mobility. Online pictures of Istanbul Aydin University cannot fully describe the spirit of the people here, their dedication towards students, the beauty of these places and the warmth that I felt every day being among the international family I found at Istanbul Aydin University. I'm returning home so sudden but with the best feelings inside of my heart.

Thank you Istanbul Aydin University and Erasmus+ team for everything and may our paths cross again...'

**Anna Kutishcheva, BA in Political Science and
International Relations, Metropolitan University in Prague**

'I would like to recommend Istanbul Aydin University to everyone who wants to spend amazing time in Istanbul. I participated Erasmus program and I don't regret my choice of hosting university. First, organization of meeting and supporting program is perfect. We had buddies who helped us a lot, because you can't manage almost anything by yourself if you don't speak Turkish. Also we had orientation week, during which we visited a lot of places in Istanbul. In general the program was a bit harder because during the semester we had 2 times exams and every week quiz or writing some work. In my university in Prague (Metropolitan University) we had just exams at the end of the semester and with could do try 3 times. Therefore, for me studying in Istanbul was more intensive. In conclusion, I recommend Istanbul and Aydin University who wants to get everything during his studies-campus life, knowledge, learning of different cultures, sightseeing and nightlife.'

**Rabab Dowa, BA in Social Work, Frankfurt University
of Applied Sciences, Germany**

'Dear Erasmus+ Team,
Thank you so much for always having an open door, for the patience to listen to all our problems and the right mind to quickly solve them. From the beginning you've accompanied us and made it possible for this semester to be an amazing experience. To the next generation of Erasmus students...I would recommend you to study in this university because it is a great place to get a new experience, also Istanbul city is amazing, there are a lot of opportunities to spend a free time in different ways. Of course, culture, people, language, experience... I just think that Erasmus+ is a good choice to get an experience, which you cannot buy!'

Erasmus+ students and students under a Bilateral Exchange Agreement do not have to pay any kind of tuition fee. These students are admitted on a no-tuition-fee basis.

Is course attendance mandatory?

Yes, at least 70% course attendance is mandatory in order to be able to enroll for mid-term and final exams.

How and where do I go to replace a lost student ID card?

Report the lost card to the IAU Erasmus+ Team. We will take you through the procedure.

Where and when do I obtain my Transcript of Records? Is it sent to me automatically?

Before the end of your Erasmus+ mobility at IAU you need to visit the Erasmus+ Team to obtain your Certificate of Mobility and Transcript of Records. In case you have left already, IAU will send your Transcript of Records to your home university via email within 5 weeks after the end of your mobility.

Is there going to be a Turkish Language class for Erasmus students?

All exchange students have the chance to take Turkish Language Courses during the Orientation Programme of the fall term or during the full term spent at IAU. The courses are granted with 5 ECTS and will be mentioned to your final Transcript of Records provided that you write them on your Learning Agreement.
