Distance learning graduation session – instructions for Students

How to access Google Meet

- The discussion of the July 2020 dissertation will take place online, using the Google Meet application or Webex application;
- A workstation with a network connection must be set up for the online dissertation: a notebook or PC with video camera and microphone. You can also use a tablet or a smartphone, with the Meet app or Webex app duly installed;
- You can access the session from either the browser or from the app, using the link that you will receive in your student email account `name.surname@stud.unifi.it`
